REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION TO THE BOARD OF DIRECTORS OF THE SECURITIES HOUSE K.S.C.P.

Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of The Securities House K.S.C.P. (the “parent company”) and its subsidiaries (collectively, the “group”) as at 30 June 2014 and the related interim condensed consolidated statements of income and interim condensed consolidated statements of comprehensive income for the three months and six months period then ended, and the related interim condensed consolidated statement of changes in equity and the interim condensed consolidated statement of cash flows for the six months period then ended. The management of the parent company is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with the basis of presentation set out in Note 2. Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, “Review of Interim Financial Information Performed by the Independent Auditors’ of the Entity”. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with the basis of presentation set out in Note 2.

Emphasis of a Matter

We draw attention to the following:

- a) Note 2 to the interim condensed consolidated financial information which indicates that the group’s current liabilities exceeded its current assets by KD 37,654,862 (31 December 2013: KD 36,294,973 and 30 June 2013: KD 36,529,591). These conditions indicate the existence of a material uncertainty about the group’s ability to continue as a going concern. However, the interim condensed consolidated financial information has been prepared on a going concern basis because the group has been able to extend the settlement of its current liabilities or swap certain of its liabilities with financial assets. The management of the group is of the opinion that the group will continue with the same strategy going forward.
- b) Note 8 to the interim condensed consolidated financial information which states that one of the murabaha creditors has filed legal cases against the parent company for the recovery of its dues and the uncertainty of the outcome of the legal cases and their impact on the group’s interim condensed consolidated financial position.

Our conclusion is not qualified in respect of the above matters.

REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION TO THE BOARD OF DIRECTORS OF THE SECURITIES HOUSE K.S.C.P. (continued)

Report on other legal and regulatory requirements

Furthermore, based on our review, the interim condensed consolidated financial information is in agreement with the books of the parent company. We further report that, to the best of our knowledge and belief, we have not become aware of any violations of the Companies Law No. 25 of 2012 as amended, or of the parent company's Memorandum of Incorporation and Articles of Association during the six months period ended 30 June 2014 that might have had a material effect on the business of the parent company or on its financial position.

We further report that, during the course of our review, to the best of our knowledge and belief, we have not become aware of any violations of the provisions of Law No. 32 of 1968, as amended, concerning currency, the Central Bank of Kuwait and the organisation of banking business, or of the provisions of Law No. 7 of 2010 concerning the Capital Markets Authority and its related regulations during the six months period ended 30 June 2014 that might have had a material effect on the business of the parent company or on its financial position.

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION (UNAUDITED)

As at 30 June 2014

1 CORPORATE INFORMATION

The interim condensed consolidated financial information of The Securities House K.S.C.P. (the "parent company") and subsidiaries (collectively the "group") were authorised for issue by the Board of Directors on 14 August 2014.

The parent company is a Kuwaiti shareholding company incorporated and registered in Kuwait on 28 March 1982 and is engaged in investment and trading in securities, investment in real estate, finance activities and in portfolio and fund management on behalf of third parties, under the Commercial Companies Law No. 15 of 1960 and amendments thereto and is listed on the Kuwait Stock Exchange. The parent company is registered with the Central Bank of Kuwait ("CBK") as an investment company and is subject to the supervision of the CMA.

The parent company's principal place of business and registered address is 18th floor, Al-Dhow Tower, Khalid Ibn Al-Waleed Street, Sharq, P.O.Box 26972 Safat, 13130, Kuwait.

The new Companies Law, issued on 26 November 2012 by Decree Law no. 25 of 2012 (the "Companies Law"), cancelled the Commercial Companies Law No. 15 of 1960. The Companies Law was subsequently amended on 27 March 2013 by Decree Law no. 97 of 2013 (the Decree). The Executive Regulations of the new amended law were issued on 29 September 2013, was published in the Official Gazette on 6 October 2013. As per article three of the Executive Regulations, companies have one year from the date of publishing the Executive Regulations to comply with the new amended law.

2 FUNDAMENTAL ACCOUNTING CONCEPT

As of 30 June 2014, the group's current liabilities exceed its current assets by KD 37,654,862 (31 December 2013: KD 36,294,973 and 30 June 2013: KD 36,529,591). These conditions indicate the existence of a material uncertainty that may cast significant doubt about the group's ability to continue as a going concern. However, the interim condensed consolidated financial information has been prepared on a going concern basis because the group has been able to extend the settlement of its current liabilities or swap certain of its liabilities with financial assets. The management of the group is of the opinion that the group will continue with the same strategy going forward.

3 BASIS OF PREPARATION

The interim condensed consolidated financial information for the six months ended 30 June 2014 has been prepared in accordance with International Accounting Standard ("IAS") 34: Interim Financial Reporting, except as noted below.

The annual consolidated financial statements for the year ended 31 December 2013 were prepared in accordance with the regulations of the State of Kuwait for financial services institutions regulated by the CBK. These regulations require adoption of all International Financial Reporting Standards ("IFRS") except for the IAS 39 requirement for a collective impairment provision, which has been replaced by the CBK's requirement for a minimum general provision.

The interim condensed consolidated financial information does not include all information and disclosures required in the annual consolidated financial statements prepared in accordance with the regulations of the State of Kuwait for financial services institutions regulated by the CBK, and should be read in conjunction with the group's annual consolidated financial statements for the year ended 31 December 2013. In the opinion of management, all adjustments consisting of normal recurring accruals considered necessary for a fair presentation have been included. In addition, results for the six months ended 30 June 2014 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2014.

The interim condensed consolidated financial information are presented in Kuwaiti Dinars ("KD") which is the functional currency of the parent company.

Changes in accounting policy and disclosures

The accounting policies used in the preparation of the interim condensed consolidated financial information are consistent with those used in the preparation of the annual consolidated financial statements for the year ended 31 December 2013, except for the adoption of the following new standards and interpretations effective as of 1 January 2014.

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION (UNAUDITED)

As at 30 June 2014

3 BASIS OF PREPARATION (continued)

Changes in accounting policy and disclosures (continued)

Investment Entities (Amendments to IFRS 10, IFRS 12 and IAS 27)

These amendments provide an exception to the consolidation requirement for entities that meet the definition of an investment entity under IFRS 10 *Consolidated Financial Statements*. The exception to consolidation requires investment entities to account for subsidiaries at fair value through income statement. These amendments have no impact to the group, since none of the entities in the group qualifies to be an investment entity under IFRS 10.

IAS 32 Offsetting Financial Assets and Financial Liabilities - Amendments to IAS 32

These amendments clarify the meaning of “currently has a legally enforceable right to set-off” and the criteria for non-simultaneous settlement mechanisms of clearing houses to qualify for offsetting. These are effective for annual periods beginning on or after 1 January 2014. These amendments are not expected to be relevant to the group.

Recoverable Amount Disclosures for Non-Financial Assets – Amendments to IAS 36

These amendments remove the unintended consequences of IFRS 13 *Fair Value Measurement* on the disclosures required under IAS 36 *Impairment of Assets*. In addition, these amendments require disclosure of the recoverable amounts for the assets or cash-generating units (“CGUs”) for which an impairment loss has been recognised or reversed during the period. These amendments are effective retrospectively for annual periods beginning on or after 1 January 2014 with earlier application permitted, provided IFRS 13 is also applied. Though these amendments have not resulted in any additional disclosures currently, the same would continue to be considered for future disclosures.

8 MURABAHA PAYABLES (continued)

Murabaha payables represent the value of assets purchased on a deferred settlement basis.

Murabaha payables amounting to KD 42,917,494 (31 December 2013: KD 42,917,494 and 30 June 2013: KD 42,917,494) are secured against financial assets at fair value through income statement, financial assets available for sale and investment in an associate amounting to KD 1,629,147, KD 570,543 and KD 6,478,396 (31 December 2013: KD 1,685,726, KD 740,379 and KD 6,507,235 and 30 June 2013: 1,905,701, KD 742,958 and KD 7,100,729) respectively.

During 2012, a major murabaha creditor (the "plaintiff") filed four legal cases against the parent claiming the settlement of certain past due murabaha payables amounting to KD 43,352,021 at the time of filing the lawsuits. Until the date of approval of this interim condensed consolidated financial information, the final court decision on the abovementioned legal cases is still pending as follows:

- With respect to a legal case relating to a murabaha payable of KD 35,237,430, the first instance court decision came in favor of the plaintiff on 13 December 2012 obligating the parent company to settle the due balance. The parent company filed an appeal against this decision and on 24 April 2013, the appeal court decision came supporting the first instance decision in favor of the plaintiff and subsequent to that, an amount of KD 434,527 was repaid, thus reducing the balance of this murabaha payable to KD 34,802,903. The parent company filed an appeal against the ruling before the cassation court and on 17 June 2014, the court decision referred the case to the Experts Department at the Ministry of Justice and it was reserved for ruling on 28 October 2014.
- With respect to a legal case relating to a murabaha payable of KD 4,239,342, the first instance court decision came in favor of the plaintiff on 8 April 2014 obligating the parent company to settle the due balance. The parent company appealed against this decision and it was reserved for appeal court ruling on 18 September 2014.
- With respect to a legal case relating to a murabaha payable of KD 3,775,889, it was reserved for first degree court ruling on 30 October 2014.
- With respect to a legal case relating to a murabaha payable of KD 99,360, the first instance court decision came in favor of the plaintiff on 29 January 2014 obligating the parent company to settle the due balance. The parent company filed an appeal against this decision and it was reserved for appeal court ruling on 4 September 2014.

Therefore, with respect to the expected results of those lawsuits, the legal counsel of the parent company is of the opinion that all the lawsuits filed by the plaintiff, tend to be referred to the Experts Department at the Ministry of Justice to discuss many aspects of the appeal submitted by the parent company to the court, some of which are legal while others are regulatory. Although final results of this dispute cannot be reliably guaranteed and that all results are possible, it is expected that the litigation will continue between the two parties for a relatively long period.

Based on the foregoing, as the value of the abovementioned lawsuits filed against the parent company is recorded originally in the books of the parent company within murabaha payables, the parent company need not to record any provisions or recognise any additional potential liabilities in the interim condensed consolidated financial information as a result of these lawsuits.

9 RELATED PARTY TRANSACTIONS

12 FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in orderly transactions between market participants at the measurement date. Underlying the definition of fair value is the presumption that the group is a going concern without any intention, or need, to liquidate, curtail materially the scale of its operations or undertake a transaction on adverse terms.

Financial instruments comprise of financial assets and financial liabilities.

For financial assets and financial liabilities that are liquid or having a short-term maturity (less than three months), the carrying amount approximates their fair value. The fair values of financial instruments, with the exception of certain financial assets available for sale carried at cost, are not materially different from their carrying values.

Fair value hierarchy

The Group uses the following hierarchy for determining and disclosing the fair values of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in an active market for identical assets and liabilities:

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly; and

Level 3: other techniques which use inputs which have a significant effect on the recorded fair value are not based on observable market data.

The following table shows an analysis of financial instruments recorded at fair value by level of the fair value hierarchy:
